Safeguarding Training/Refresher Training:

Knowledge Tests:

- Drivers need to complete the face to face knowledge test at every 3 year renewal.
- Any driver who passed the online knowledge test will also need to complete and pass the face-to-face knowledge test on the next renewal of the annual licence. A licence will then be issued that expires on the same date as the medical.
- The test will involve you being required to have a good knowledge of the Highway Code as well as being familiar with various locations and routes to key destinations such as hospitals, entertainment venues etc. You must also understand the requirements placed on you by the law and by the conditions that are attached to hackney carriage/private hire driver's licences.
- A practice test to familiarise you with the format of the test is available online. As are examples of the licence conditions and a summary of the legislation, which you should familiarise yourself with prior to the test. They can be found on the taxi pages of the Councils website here:

[Knowledge Tests - burnley.gov.uk](http://burnley.gov.uk)

MEDICALS:

- A medical form should be completed by your registered GP certifying that you are fit to drive.
- Only where your registered GP does not provide this service, are you permitted to contact an agency Doctor, who is registered with the GMC, and qualified to provide Group 2 medicals.

DBS:

- An enhanced DBS should be arranged with Taxi Plus. Contact details of Taxi Plus are www.taxiplus.co.uk They will submit your DBS application to the Data and Barring Service electronically.

Burnley Council has a dedicated page on the Taxi Plus website. Here you will find guidance on how to pay online for your DBS check and how to begin the application process. Information also includes details of the DBS update service subscriptions which must be completed either at the time you apply for a DBS certificate or 28 days after the date of issue of the certificate. You will be provided with a reference to show you subscribe to the update service and you will need this reference to include on your application form.

The following link can be used to arrange DBS Update Service Subscription:

<https://secure.crbonline.gov.uk/crsc/apply?execution=e4s1>

The update service is only available for enhanced DBS certificates.

As part of the application process you will need to have your identity documents verified.

At the present time this can only be done by providing copies or good quality images of your identification documents directly to Taxi Plus free of charge.

Your Enhanced DBS certificate will then be processed. Once it is completed it will be posted to your home address.

- Once you have received your DBS certificate you should include it in your application pack and insert the DBS update service reference number onto the application form.

NB: By applying for a licence you will be consenting to a DBS review being carried out every 6 months.

Right to Work:

A licence will not be issued to an individual or an individual in a partnership which is not a limited liability partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any licence issued will expire when the right to work expires and will become invalid when a licence holder ceases to be entitled to work in the UK.

Applicants must demonstrate that you have the right to work in the UK and are not subject to a condition preventing you from doing work relating to the carrying on of a licensable activity.

You can do this in one of two ways:

1) by bringing with you an original document listed at Appendix A which will be copied and scanned onto our system that demonstrates your entitlement to work in the UK.

2) by providing your 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

[Home Office online right to work checking service.](#)

As an alternative to providing a copy of original documents, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their **share code** (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth, will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be shared digitally. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copies of documents as set out above.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office.

We are unable to process taxi licence applications until such time as you are able to prove your right to work. The documents you can use to demonstrate your right to work are listed at Appendix A of this guidance.

DVLA Checks:

- By applying for a driver licence you will be consenting to your details being used to carry out DVLA checks every 12 months.

HMRC Tax Checks:

- First time applicants will need to sign to say they understand the tax requirements, but if you have held a taxi driver or operator's licence with any licensing authority within the last 12 months will need to complete a tax check and include the code on your application form.
- Further information on tax checks can be found here

DECISION MAKING:

The information submitted will be considered and applications granted in line with our fitness and propriety requirements which include the convictions policy available on the taxi pages of the Council's website.

PLEASE NOTE

Licences normally last for 3 years, expiring 3 years from the date of the medical. There are some special circumstances where 12 month licences will be issued, eg medical issues. At 3 year renewal Medicals, Knowledge Tests, Safeguarding training, right to work and tax checks should be refreshed.

This means that once a licence is granted you will not normally be required to attend the Contact Centre until your licence is due for renewal.

In determining whether a person is a fit and proper person to hold a licence, in the interest of protecting the public, the Council share information with other local authorities registered with the National Anti-Fraud Network (NAFN). This database includes the National Register of Taxi/Private Hire Licence Refusals & Revocations (NR3).

It should also be understood by any individual considering applying for a new Hackney Carriage or Private Hire Driver's licence or renewal, that Authorised Officers will conduct enforcement activities to identify non-compliance with licensing conditions and/or unlawful activity.
