

EXTRACT from the minutes of the proceedings of the
Planning + Environment Committee at a meeting held on the
3rd day of *August* 1977.

Proposed Harle Syke Conservation Area

62. With reference to Minute No. 250 (April 1977), the Borough Planning and Estates Officer reported on the response to the proposal to designate the Harle Syke Conservation Area, in particular the suggestion by a large number of respondents that a larger area than that originally proposed should be designated, and also on a suggestion from the Lancashire County Council that a direction should be made under Article 4 of the General Development Order 1977 to prevent any alterations to the exterior of premises which would be out of character with the stone and slate character of the area.

RESOLVED - (1) That the Council be recommended to designate the larger of the two areas defined on the designation map now submitted as the Harle Syke Conservation Area;

(2) That the Borough Planning and Estates Officer be authorised to prepare and circulate a leaflet containing advice to householders and other property owners in the area;

(3) That, in view of the limited financial resources available to the Council, the preparation of draft proposals for improving the area be deferred until further notice; and

(4) That the Officers be asked to investigate further, and to report thereon to a subsequent meeting of this Committee, the suggestion by the Lancashire County Council that a direction should be made under Article 4 of the Town and Country Planning General Development Order 1977.
